

Sebastián Velásquez

Backend Developer

- Girona, Spain
- +34 611 445 514
- sebastian.v.a@riseup.net
- Authorized to work in Spain
- [website](#)

Languages

Spanish (Native)

English (C1) EF SET

Catalan (B2) CPNL (In progress)

German (A2.1) VHS

Interests

- DevOps
- IoT
- Jamstack
- FOSS

Personal

I am very curious about technology, always experimenting with new open source tools, automating everyday tasks and deploying applications on my home server.

Soft Skills

- Teamwork
- Adaptability
- Problem-solving
- Time management

Profiles

Expertise

| Java | Python | TypeScript | Springboot | J2EE | JUnit | MockMVC | Linux | | Docker | Azure | MySQL | Git | Linux | Bash | Jasper Report | Swing | SAPUI5 |

Experience

- 07, 2023 – **Developer/SysAdmin** **Irepartners, ES**
Currently I maintained, improved, and developed software tools and solutions that enhanced the productivity of the development team and supported the company's operational objectives.
- 11, 2020 – **Consultant Developer** **ILO Consultor, CL**
01, 2021 I developed an automated web scraping solution in Python B4s to capture data from public job portals, which allowed the company to obtain valuable information about the labour market.
- 07, 2019 – **SAPUI5 -IoT Consultant** **SCLLOUD, CL**
01, 2020 I designed and developed IoT prototypes, a customized dashboard for a client in the wine industry using technologies such as ESP32 and SAPUI5. This improved the efficiency of their production process and enabled them to make informed decisions in real time.
- 05, 2016 – **Development Engineer** **Karibu, CL**
11, 2017 I developed a desktop point-of-sale system using Java Swing and SQL, which improved the efficiency of operations and optimized sales tracking. I also implemented the use of Jasper reporting, which facilitated the monitoring and analysis of sales data.

Education

IT

- 01, 2025 **Azure AZ-400: Microsoft DevOps Certification (In progress)** **Microsoft**
- 02, 2023 **BackEnd Development Bootcamp (Java SpringBoot)** **IronHack**
- 11, 2022 **AWS Machine Learning Foundations** **Udacity**
- 12, 2020 **Computer Engineering** **DuocUC, Chile**
- 06, 2015 **Programmer Analyst** **DuocUC, Chile**
- Others
- 05, 2011 **Music Composition** **Universidad de Chile, Chile**
- 12, 2008 **Music Theory** **Universidad de Chile, Chile**

Short Bio

Responsible, analytical and methodical IT professional with experience in projects involving different languages, technologies, and architectures (web, mobile, IoT). Experience in building and programming hardware for sound interfaces. I am passionate about the creation and exploration of technological tools that streamline and facilitate processes, improve the quality of life and contribute to a better understanding of our reality.

Professional goals

I am looking to further develop my career in technology, exploring new tools and emerging technologies and applying them in innovative projects that have a positive impact on society. I aspire to lead development teams and collaborate with the open source community on relevant projects.
