Languages

Spanish (Native)

English (C1) EF SET

Catalan (B2) CPNL (In progress)

German (A2.1) VHS

Interests

- ⚙ DevOps
- 📶 IoT
- 🖥 Jamstack
- 🐧 FOSS

Personal

I am very curious about technology, always experimenting with new open source tools, automating everyday tasks and deploying applications on my home server.

Soft Skills

- 👥 Teamwork
- 📱 Adaptability
- ⚖ Problem-solving
- ⏱ Time management

Profiles

in

Expertise

| Java | Python | TypeScript | Springboot | J2EE | JUnit | MockMVC | Linux | | Docker | Azure | MySQL | Git |Linux | Bash | Jasper Report | Swing | SAPUI5 |

Experience

07, 2023 – Currently	**Developer/SysAdmin**	**Irepartners, ES**

I maintained, improved, and developed software tools and solutions that enhanced the productivity of the development team and supported the company's operational objectives.

11, 2020 – 01, 2021	**Consultant Developer**	**ILO Consultor, CL**

I developed an automated web scraping solution in Python B4s to capture data from public job portals, which allowed the company to obtain valuable information about the labour market.

07, 2019 – 01, 2020	**SAPUI5 -IoT Consultant**	**SCLOUD, CL**

I designed and developed IoT prototypes, a customized dashboard for a client in the wine industry using technologies such as ESP32 and SAPUI5. This improved the efficiency of their production process and enabled them to make informed decisions in real time.

05, 2016 – 11, 2017	**Development Engineer**	**Karibu, CL**

I developed a desktop point-of-sale system using Java Swing and SQL, which improved the efficiency of operations and optimized sales tracking. I also implemented the use of Jasper reporting, which facilitated the monitoring and analysis of sales data.

Education

IT

01, 2025	**Azure AZ-400: Microsoft DevOps Certification (In progress)**	**Microsoft**
02, 2023	**BackEnd Development Bootcamp (Java SpringBoot)**	**IronHack**
11, 2022	**AWS Machine Learning Foundations**	**Udacity**
12, 2020	**Computer Engineering**	**DuocUC, Chile**
06, 2015	**Programmer Analyst**	**DuocUC, Chile**

Others

05, 2011	**Music Composition**	**Universidad de Chile, Chile**
12, 2008	**Music Theory**	**Universidad de Chile, Chile**

Short Bio

Responsible, analytical and methodical IT professional with experience in projects involving different languages, technologies, and architectures (web, mobile, IoT). Experience in building and programming hardware for sound interfaces. I am passionate about the creation and exploration of technological tools that streamline and facilitate processes, improve the quality of life and contribute to a better understanding of our reality.

Professional goals

I am looking to further develop my career in technology, exploring new tools and emerging technologies and applying them in innovative projects that have a positive impact on society. I aspire to lead development teams and collaborate with the open source community on relevant projects.
